Profile

Motivated web developer experienced with modern technologies (Next.js, React, Tailwind). Passionate about responsive design, clean code and multilingual user experiences. Gained practical experience through personal and collaborative projects, with continuous self-improvement.

Skills

- Frontend: Next.js (14/15), React, Tailwind CSS
- Languages: TypeScript, JavaScript, Git, Markdown
- Other: Vercel, SEO basics, i18n (next-intl), Responsive Design

Projects

- VR Világ Szeged (2024)

Collaborated as a co-developer on frontend development (Next.js, Tailwind). Focus on responsive design, visual layer, and components.

- MultiWeb (Acme) – Multilingual Template (2025)

Own open-source project. Next.js 15 + Tailwind 4 + next-intl based template with multilingual support (hu, de, en, sr).

- [bettyarts.com](https://www.bettyarts.com) – Portfolio and Blog (2025)

Personal learning project, live online. Blog posts, SEO optimization, OG images, references.

Education

- Degree in Electrical Engineering / Electronics (previous professional background).
- Independent learning projects in web development (Next.js, Tailwind, SEO, i18n).

Languages

- Hungarian – native
- German – intermediate (written and spoken)
- English – professional (documentation, communication)
- Serbian/Croatian – fluent
